

Subject: Exciting News! Join Our STEAM Club Adventure 🚀

Dear Parents,

I hope this message finds you well! I am thrilled to share some exciting news about an amazing opportunity for your child to explore the fascinating world of STEAM (Science, Technology, Engineering, art and Mathematics) through our STEAM Club.

STEAM education is more important than ever, and I believe that fostering a passion for these subjects at a young age can set the stage for a lifetime of curiosity, creativity, and problem-solving skills. STEAM Club aims to provide an engaging and hands-on experience for your child to dive into the wonders of science and technology.

What the STEAM Club Offers:

- **Fun and Interactive Activities:** From exciting experiments to coding challenges, our STEAM Club will offer a variety of activities that make learning a blast.
- **Hands-On Projects:** Your child will have the opportunity to work on real-world projects, fostering a deeper understanding of STEAM concepts and their practical applications.
- **Collaborative Learning:** Our club encourages teamwork and collaboration, allowing children to learn from one another and build important social and communication skills.
- **Creativity and Innovation:** We believe in nurturing creativity and innovation. The STEAM Club will provide a space for your child to think critically, solve problems, and unleash their inventive spirit.

How to Get Involved:

If your child is interested in joining the STEAM Club, please fill out the back of this paper which is the permission slip and return it to me by our first meeting. I am excited to embark on this educational journey and look forward to seeing the incredible growth and enthusiasm that STEAM learning can bring.

Should you have any questions or concerns, please do not hesitate to reach out to me at mbendoraitis@bsd111.org

Thank you for your support in fostering a love for STEAM in our young minds!

Best Regards,

Michelle Bendoraitis
